-Telephone--connection between the Hospital, and District Medical & Sanitary Officer's residence and the exchange--proposal.

I enclose the letter dated 27-8-23 from the Divisional Engineer, Telegraphs Bangalore. My office and residence, District Police Superintendent's office and residence, Central Jail, all Police stations and post offices are on the Telephone system. It is very desirable that the Head-quarter Hospital and the District Medical Officer's residence should also have Telephone connection. Urgent calls from the Central Jail and the Hospital can be attended to by the District Medical and Sanitary Officer, whose residence is 3 miles away, without loss of time. In consideration of the usefulness of the connection, I request that sanction may be accorded for the annual rent charge of about Rs 300/-

Copy of letter No.291/14 dated 27-8-23 from the Divisional Engineer, Telegraphs, Bangalore Division, Bangalore to the Collector of Bellary.

I have the honour to inform you that on my recent visit to Bellary and inspection of the Telephone system there it was represented to me by the President, Municipal Committee and several others that telephone communication between the Exchange the Civil Hospital, and the District Medical Officer, at Bellary appeared a necessity and would be extremely useful. Some inconvenience it was pointed out was being felt owing to the want of telephone communication between these points. In the circumstances, I would ask if you consider these connections necessary and useful and if so whether you could see your way to approaching the higher Medical authorities to sanction them. The annual rent for the two connections would be approximately Rs 300/-
